

**Meeting of the Central Valley Flood Protection Board
March 27, 2009**

**Draft Staff Report
DWR Floodway Protection Section**

Item

Application No. 18393 requesting Central Valley Flood Protection Board approval of an encroachment permit (Attachment A) to install a support cable, with fiber optic cable attached, across channel and attach to existing utility poles on each side of the Calaveras River in San Joaquin County.

Applicant

Sunesys, LLC

Location

The project is located in Stockton, west of Highway 99. (Calaveras River, San Joaquin County (see Attachment B).

Description

The applicant wishes to install a support cable, with fiber optic cable attached, across channel and attach to existing utility poles on each side of the Calaveras River in San Joaquin County.

Agency Comments and Endorsements:

- The U. S. Army Corps of Engineers endorsement has not been received and is not anticipated to be received prior to the December 19, 2008 Board meeting.
- San Joaquin County Flood Control & Water Conservation District has endorsed this application (Permit Exhibit A).

Proposed CEQA Determination of Exemption:

Board staff has prepared the following CEQA determination:

The California Public Utilities Commission (PUC), as lead agency under CEQA, approved the project (Stockton Unified School District Network, SCH #2008098011) on August 27, 2008 and determined that the project was categorically exempt under Classes 15301b/c (existing facilities), 15302c/d (replacement or reconstruction), 15303d (utility extensions) and 15304f (minor trenching or backfilling).

The Board, acting as a responsible agency under CEQA, has reviewed the PUC determination and has independently determined that the project is exempt from CEQA under Classes 15301b/c (existing facilities), 15302c/d (replacement or reconstruction), 15303d (utility extensions) and 15304f (minor trenching or backfilling).

Section 8610.5 Compliance

1. Evidence that the Board admits into its record from any party, State or local public agency, or nongovernmental organization with expertise in flood or flood plain management:

The Board will make its decision based on the evidence in the permit application and attachments, this staff report, and any other evidence presented by any individual or group.

2. The best available science that related to the scientific issues presented by the executive officer, legal counsel, the Department or other parties that raise credible scientific issues.

The accepted industry standards for the work proposed under this permit as regulated by Title 23 have been applied to the review of this permit.

3. Effects of the decision on the entire State Plan of Flood Control:

This project has no effects on the State Plan of Flood Control.

4. Effects of reasonable projected future events, including, but not limited to, changes in hydrology, climate, and development within the applicable watershed:

None.

Staff Recommendation

Staff recommends that the Board determine the project to be exempt from CEQA and to approve the permit.

STATE OF CALIFORNIA
THE RESOURCES AGENCY
CENTRAL VALLEY FLOOD PROTECTION BOARD

PERMIT NO. 18393 BD

This Permit is issued to:

Sunesys, LLC
3550 Charter Park Drive
San Jose, California 95136

To install a support cable, with fiber optic cable attached, across channel and attach to existing utility poles on each side of the Calaveras River. The project is located in Stockton on West Lane, north of Enterprise Street (Section 26, T2N, R6E, MDB&M, San Joaquin County Flood Control and Water Conservation District, Calaveras River, San Joaquin County).

NOTE: Special Conditions have been incorporated herein which may place limitations on and/or require modification of your proposed project described above.

(SEAL)

Dated: _____

Executive Officer

GENERAL CONDITIONS:

ONE: This permit is issued under the provisions of Sections 8700 – 8723 of the Water Code.

TWO: Only work described in the subject application is authorized hereby.

THREE: This permit does not grant a right to use or construct works on land owned by the Sacramento and San Joaquin Drainage District or on any other land.

FOUR: The approved work shall be accomplished under the direction and supervision of the State Department of Water Resources, and the permittee shall conform to all requirements of the Department and the Central Valley Flood Protection Board.

FIVE: Unless the work herein contemplated shall have been commenced within one year after issuance of this permit, the Board reserves the right to change any conditions in this permit as may be consistent with current flood control standards and policies of the Central Valley Flood Protection Board.

SIX: This permit shall remain in effect until revoked. In the event any conditions in this permit are not complied with, it may be revoked on 15 day's notice.

SEVEN: It is understood and agreed to by the permittee that the start of any work under this permit shall constitute an acceptance of the conditions in this permit and an agreement to perform work in accordance therewith.

EIGHT: This permit does not establish any precedent with respect to any other application received by the Central Valley Flood Protection Board.

NINE: The permittee shall, when required by law, secure the written order or consent from all other public agencies having jurisdiction.

TEN: The permittee is responsible for all personal liability and property damage which may arise out of failure on the permittee's part to perform the obligations under this permit. If any claim of liability is made against the State of California, or any departments thereof, the United States of America, a local district or other maintaining agencies and the officers, agents or employees thereof, the permittee shall defend and shall hold each of them harmless from each claim.

ELEVEN: The permittee shall exercise reasonable care to operate and maintain any work authorized herein to preclude injury to or damage to any works necessary to any plan of flood control adopted by the Board or the Legislature, or interfere with the successful execution, functioning or operation of any plan of flood control adopted by the Board or the Legislature.

TWELVE: Should any of the work not conform to the conditions of this permit, the permittee, upon order of the Central Valley Flood Protection Board, shall in the manner prescribed by the Board be responsible for the cost and expense to remove, alter, relocate, or reconstruct all or any part of the work herein approved.

SPECIAL CONDITIONS FOR PERMIT NO. 18393 BD

THIRTEEN: All work approved by this permit shall be in accordance with the submitted drawings and specifications except as modified by special permit conditions herein. No further work, other than that approved by this permit, shall be done in the area without prior approval of the Central Valley Flood Protection Board.

FOURTEEN: The permittee is responsible for all liability associated with construction, operation, and maintenance of the permitted facilities and shall defend and hold harmless the State of California, or any departments thereof, from any liability or claims of liability associated therewith.

FIFTEEN: The Central Valley Flood Protection Board, Department of Water Resources, and San Joaquin County Flood Control & Water Conservation District shall not be held liable for any damages to the permitted encroachment(s) resulting from flood fight, operation, maintenance, inspection, or emergency repair.

SIXTEEN: The permittee may be required, at permittee's cost and expense, to remove, alter, relocate, or reconstruct all or any part of the permitted encroachment(s) if removal, alteration, relocation, or reconstruction is necessary as part of or in conjunction with any present or future flood control plan or project or if damaged by any cause. If the permittee does not comply, the Central Valley Flood Protection Board may remove the encroachment(s) at the permittee's expense.

SEVENTEEN: The permitted encroachment(s) shall not interfere with operation and maintenance of the flood control project. If the permitted encroachment(s) are determined by any agency responsible for operation or maintenance of the flood control project to interfere, the permittee shall be required, at permittee's cost and expense, to modify or remove the permitted encroachment(s) under direction of the Central Valley Flood Protection Board or Department of Water Resources. If the permittee

does not comply, the Central Valley Flood Protection Board may modify or remove the encroachment(s) at the permittee's expense.

EIGHTEEN: The permittee shall be responsible for repair of any damages to the Calaveras River levees and other flood control facilities due to construction, operation, or maintenance of the proposed project.

NINETEEN: The permittee shall contact the Department of Water Resources by telephone, (916) 574-1213, and submit the enclosed postcard to schedule a preconstruction conference. Failure to do so at least 10 working days prior to start of work may result in delay of the project.

TWENTY: No construction work of any kind shall be done during the flood season from November 1 to April 15 without prior approval of the Central Valley Flood Protection Board.

TWENTY-ONE: A minimum clearance of 21 feet shall be provided between the levee crowns and the overhead wire crossing.

TWENTY-TWO: All debris generated by this project shall be disposed of outside the Calaveras River Floodway.

TWENTY-THREE: The permittee shall maintain the permitted encroachment(s) and the project works within the utilized area in the manner required and as requested by the authorized representative of the Department of Water Resources or any other agency responsible for maintenance.

TWENTY-FOUR: The project site shall be restored to at least the condition that existed prior to commencement of work.

TWENTY-FIVE: If the project, or any portion thereof, is to be abandoned in the future, the permittee or successor shall abandon the project under direction of the Central Valley Flood Protection Board and Department of Water Resources, at the permittee's or successor's cost and expense.

TWENTY-SIX: The permittee shall comply with all conditions set forth in the letter from San Joaquin County Flood Control & Water Conservation District dated June 24, 2008, which is attached to this permit as Exhibit A and is incorporated by reference.

TWENTY-SEVEN: The permittee shall comply with all conditions set forth in the letter from the Department of the Army dated February 20, 2009, which is attached to this permit as Exhibit B and is incorporated by reference.

TWENTY-EIGHT: Any additional encroachment(s) require an approved permit from the Central Valley Flood Protection Board and shall be in compliance with the Central Valley Flood Protection Board's regulations (Title 23 California Code of Regulations).

Attention: Mr. Jon Yego, Chief
Floodway Protection Section

SUBJECT: CENTRAL VALLEY FLOOD PROTECTION BOARD PERMIT
APPLICATION NO. _____

Gentlemen:

Reference is made to the Central Valley Flood Protection Board Permit Application No. _____, of Datalog Engineering, to install fiber optic cable across the Calaveras River. A support cable will be installed, from utility pole to utility pole, across the river on the east side of the West Lane Bridge. Fiber optic cable will be lashed to the support cable.

The project is located on West Lane, 780 feet north of Enterprise Street in the City of Stockton, in San Joaquin County, in Section 29 of the C.M. Weber Grant. The parcel is identified as Assessor's Parcel No. 098-140-32.

The San Joaquin County Flood Control and Water Conservation District (District) has reviewed the Central Valley Flood Protection Board Permit Application No. _____, of Datalog Engineering, and endorses the project subject to the following conditions:

1. The Permittee shall be responsible for any damage to the Calaveras River and its levees that may occur as a result of the project.
2. The District shall not be responsible for any damage to the facilities due to the District's operation and maintenance of the Calaveras River.
3. The District shall not be responsible for maintenance of any facilities related to this project.
4. The Permittee shall be responsible for the modification, maintenance, or possible removal of any of the facilities, as requested by the District, if required for any future flood control plans at the applicant's sole cost and expense.

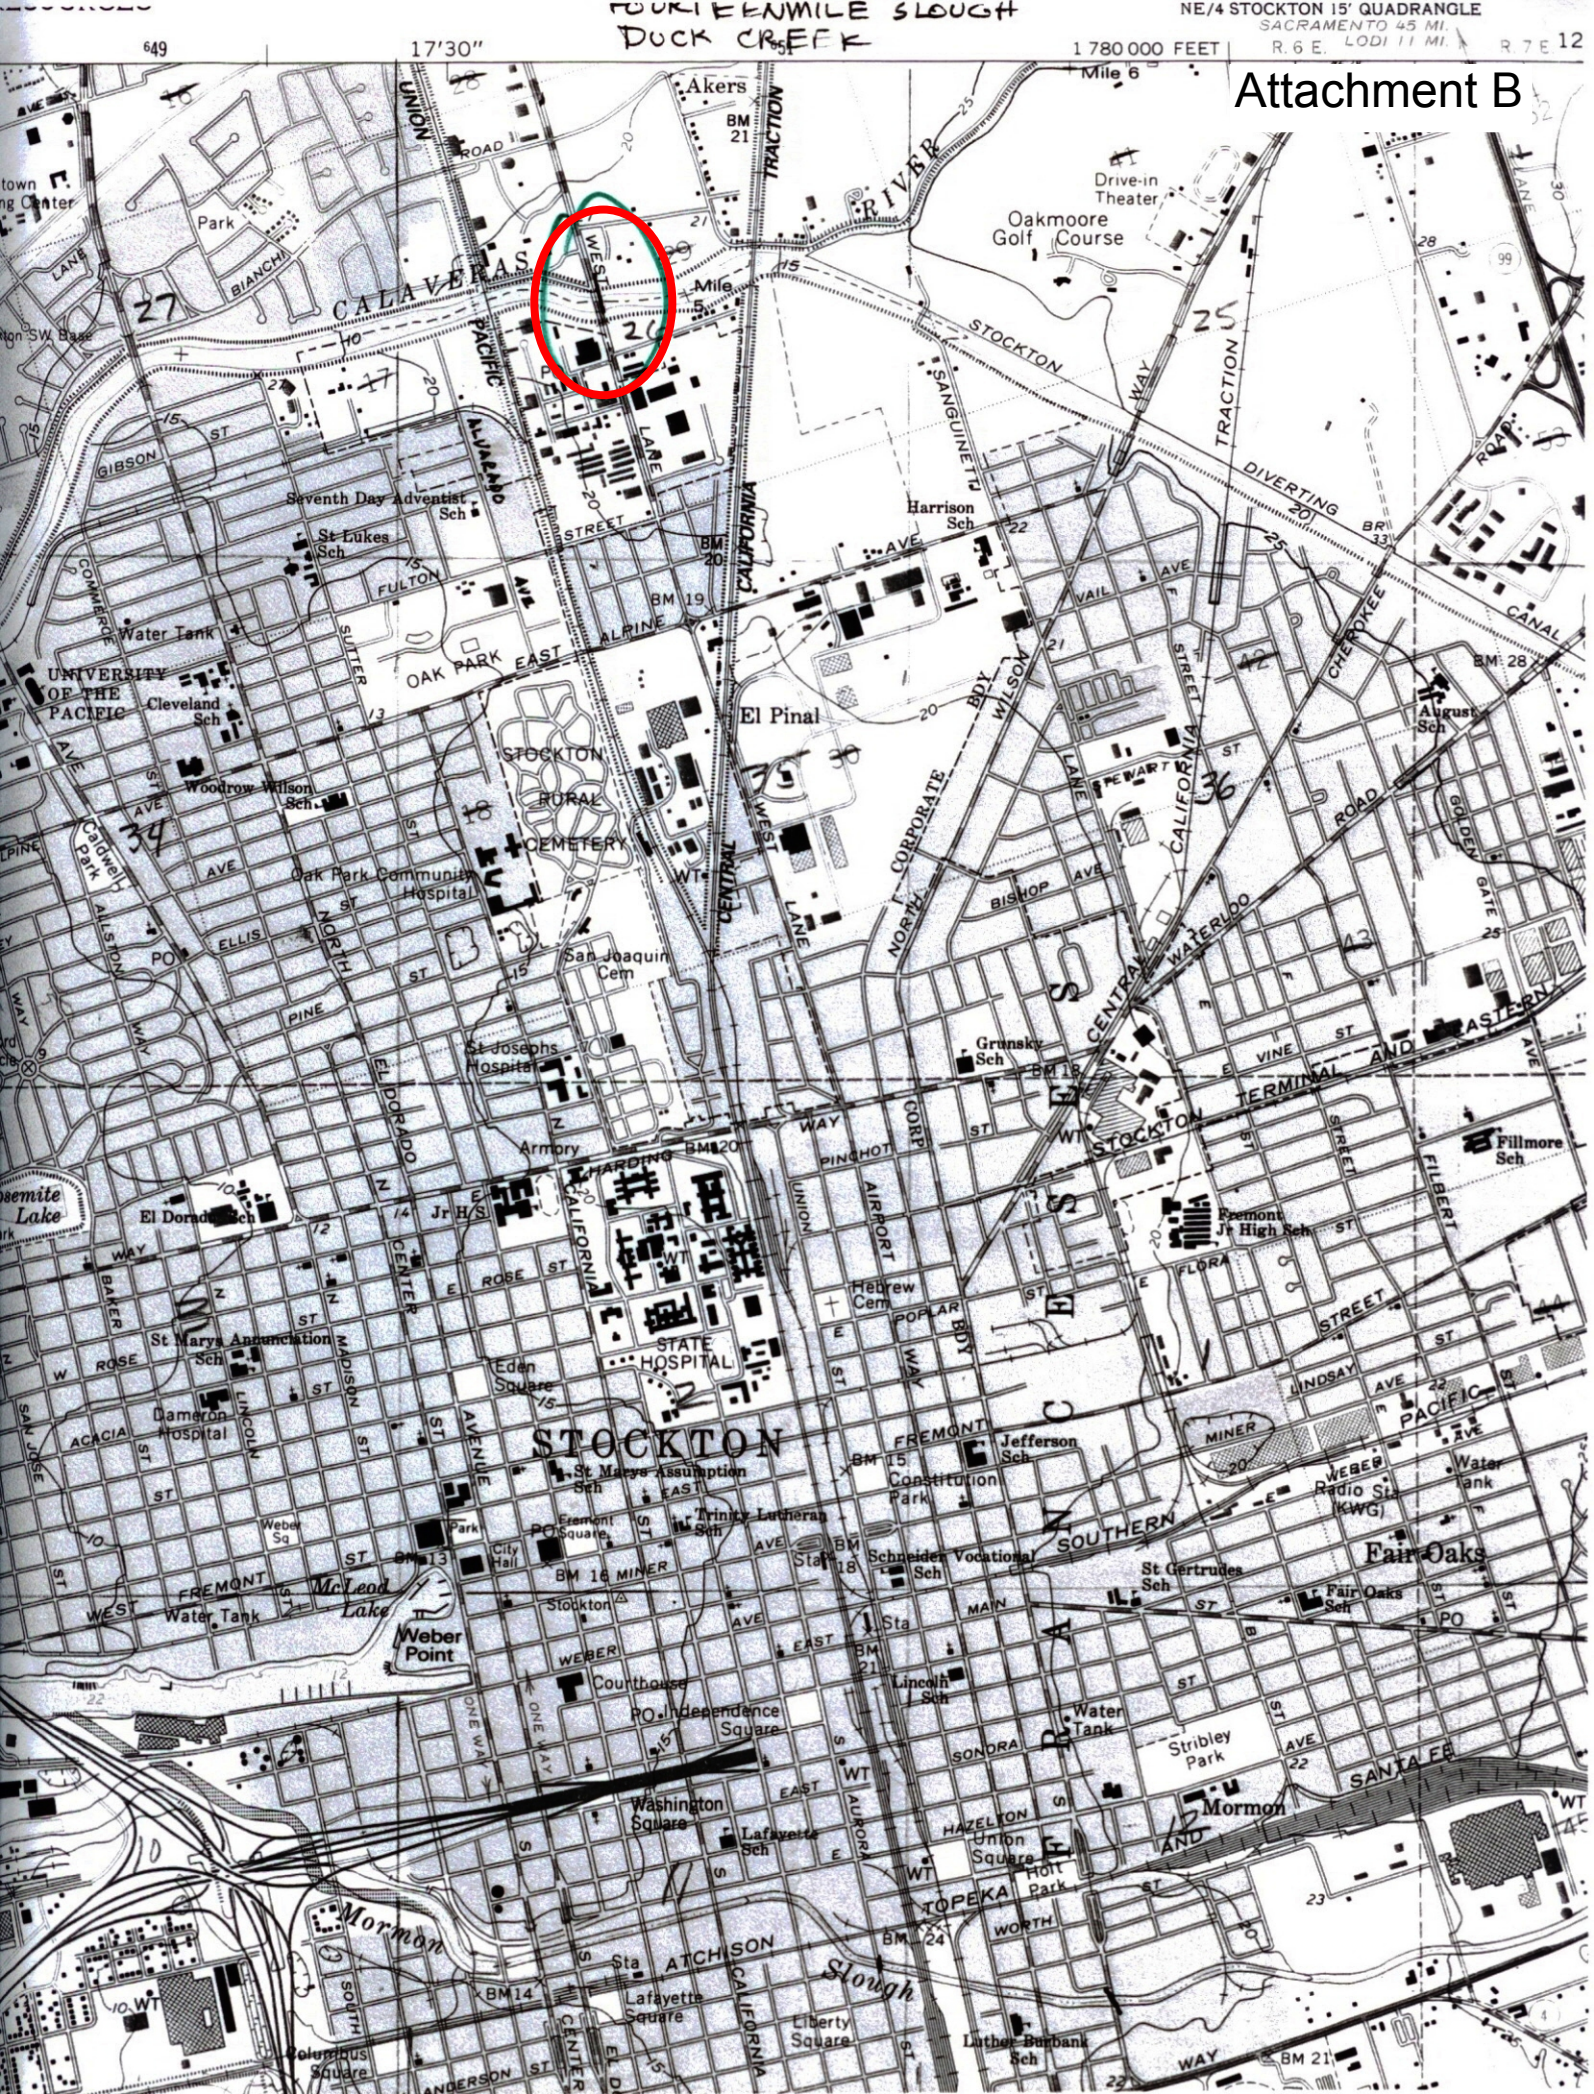

If there are any questions regarding these conditions, please contact John Corey, Engineer III, at (209) 468-3060.

Sincerely,

STEVEN WINKLER
Deputy Director/Operations
